PhD Exam planned:  
PhD exam passed:  

Plan for oral qualifying exam (prior to midpoint of 1st semester 4th year):

1. What area(s) of mathematics are you considering for research? The names of the PhD written exams about may suggest areas for you to consider. For normal academic progress you will be expected to have secured a PhD advisor by the end of March 2018 and have a supervisory committee in place by the end of the spring 2018 semester. Let us know if you are thinking about stopping with an MS degree.

2. Have you given a talk, poster, oral presentation or taken an oral exam in the current calendar year? If so, where and when? Do you feel your oral or written communication skills have improved this year?

3. You will be asked about what courses you plan to take next fall in the spring interview. Plan to talk with your mentor/advisor about courses you would like to take. You can indicate courses you would like to see offered here.

4. Have you completed your Individual Development Plan and discussed it with your Mentor/Advisor?
